COOKING

Kids' Test Kitchen

Kids' Test Kitchen

Kids' Test Kitchen is on a mission to get eaters of all ages and abilities cooking, tasting, and thinking about healthy ingredients! Each class presents students with an opportunity to explore new or familiar foods in their raw, un-manipulated state. Then, working as a team, they'll slice, dice, peel, measure, and cook until they've prepared the finished dish. Class closes with the opportunity to taste the result of their hard work. Students receive a printed recipe card and the focal ingredient - or a sample of the finished dish - so they can show off what they learned. Even the most reluctant eaters enjoy Kids' Test Kitchen, where participation is encouraged, and the choice to taste is always one's own. Lessons are planned to celebrate seasonal produce, whole grains, and legumes.
