SUMMER DAY CAMP

Summer Day Camp

Entering Kindergarten to 7th Grade ■ 9:00am - 4:00pm

Each day at our Summer Day Camp, campers and staff will play, laugh, learn, and create a memorable summer! Camper's daily schedule involves a variety of age-appropriate activities including group games, sports, arts and crafts, STEM experiments, team building challenges, and more opportunities to try new activities. Water play days, special events, theme days, field trips and special guests, and group challenges round out the weekly schedule.

Campers are separated into groups by grade. Under the guidance of our experienced staff, campers will grow their social skills and self-confidence, foster relationships with their peers, learn the importance of teamwork and cooperation, and gain their own independence.

BITS UNIT

Entering KG & 1st Grade

The **BITS Unit** introduces our youngest campers to the excitement of camp. Campers enjoy a mix of camp activities, designed to ensure a developmentally appropriate camp experience for our youngest campers. With a 5 to 1 camper to counselor ratio, the **BITS Unit** offers a close-knit camp environment for campers to try new things and foster relationships with counselors and their peers.

BENNY UNIT

Entering 2nd & 3rd Grade

Welcoming our "middle" campers to camp, the **BENNY Unit** expands campers' daily schedule to include more high-energy, enriching activities designed to suit their growing interests. **BENNY Unit** activities are developed to encourage teamwork and cooperation. A 10 to 1 camper to counselor ratio offers a supportive camp environment for campers to grow socially and emotionally.

***BENNY Unit** campers will go on a weekly field trip.*

ALSO UNIT

Entering 4th to 7th Grade

Designed for our oldest campers, the **ALSO Unit** enhances campers' experience through adventure-based, mind stimulating activities.

ALSO Unit campers will have the opportunity to take ownership of their camp experience through activity choice periods. A 10 to 1 camper to counselor ratio offers a supportive camp environment to nurture self-confidence and independence.

***ALSO Unit** campers will go on a weekly field trip.*

TEEN LEADERSHIP

CIT "A"

Weeks 1, 4, & 6

CIT "B"

Weeks 3, 5, & 7

Counselor-in-Training (CIT) Program

Entering 8th to 10th Grade ■ 9:00am - 4:00pm

The first step in the Teen Leadership Program, the CIT Program is designed to give hands-on training to teens who are looking to be future camp counselors and leaders in the community. CITs will participate in activities designed to expand their leadership skills including problem solving, communication, positive role modeling, and more. CITs daily schedule combines classroom learning sessions, fun teambuilding challenges, and group assignments. By working directly alongside counselors during group assignments, teens further develop the skills necessary to work with younger children and their peers. *The CIT program is broken up into two, one-week sections, "A" and "B". Sections can be taken in any order. Both sections must be completed before being awarded a Certificate. Those individuals who have completed both Sections "A" & "B" of the CIT Program may register for the Jr. Staff Program. Completion of the CIT Program does not guarantee future employment. 15 participants/week*

Jr. Staff Program

Entering 8th to 10th Grade ■ 9:00am - 4:00pm

Designed to be the next step in the Teen Leadership Program, the Jr. Staff Program provides on-the-job training to participants to expand their camp counselor and leadership experience. Jr. Staff will spend the majority of their day assigned to one camp group, with the purpose of supporting our summer camp staff in daily operations, camper supervision, and programming. Jr. Staff will also be involved in planning and running group activities, mentoring CITs, and more. Jr. Staff will be subject to evaluations during the camp season in order to gain valuable feedback and guidance to grow their leadership skills. *Participants must have completed the CIT Program and be recommended for the program by the Teen Leadership Coordinator. Jr. Staff registrants may sign up for any amount of weeks. Completion of the Jr. Staff Program does not guarantee future employment. 15 participants/week*

SUMMER STAFF

Our dedicated staff team is what makes our Summer Day Camp an exciting place for our campers. Our experienced staff are current and former EDP staff, high school students, and college/post college students. Many staff return to our camp each summer. Staff are assigned to each group and maintain the required staff-to-child ratios in their assigned groups.

Before the summer begins, our staff:

- Undergo a comprehensive interview process as well as reference and background checks.
- Attend a mandatory staff training covering topics including behavior management, supervision, child abuse prevention, problem solving and conflict resolution, emergency policies and procedures, and more.
- Become certified in basic First Aid and CPR (*Head Counselors*)

SUMMER ENRICHMENT

Summer Enrichment Programs provide hands-on learning experiences for children to grow, explore, and discover new interests beyond the classroom. Class sizes are kept small to ensure quality instruction in a safe and interactive manner.

CHESS

Chess Wizards

Chess Wizards

Chess Wizards has been teaching the game of chess since 2002. Join us this summer for tons of challenging chess lessons, exciting games, and cool prizes. You'll improve your chess skills, meet new friends, and work out your most powerful muscle - your brain! Our camps include fun team chess games (like Corner Chess), recess time (of course), snacks, tournaments, and puzzles. Each camper receives a T-shirt, trophy, and puzzle folder. We include all the materials necessary for your child to participate, but full-day kids should bring a lunch. Unleash your brain power and spend part of your vacation with Chess Wizards!

SUMMER ENRICHMENT

Finding Nemo KIDS

SkyRise Theater

Disney's Finding Nemo KIDS is a 30-minute musical adaptation of the beloved 2003 Pixar movie Finding Nemo, with new music by award-winning songwriting team Kristen Anderson-Lopez and Robert Lopez. Marlin, an anxious and over-protective clownfish, lives in the Great Barrier Reef with his kid Nemo, who longs to explore the world beyond their anemone home. But when Nemo is captured and taken to Sydney, Marlin faces his fears and sets off on an epic adventure across the ocean. With the help of lovable characters such as optimistic Dory, laid-back sea turtle Crush, and the supportive Tank Gang, Marlin and Nemo both overcome challenges on their journey to find each other and themselves. *Featuring memorable songs such as "Just Keep Swimming," "Fish Are Friends Not Food," and "Go With the Flow," Finding Nemo KIDS brings a vibrant underwater world to life on stage in a story full of family, friendship, and adventure.*

CREATE YOUR OWN SUMMER SCHEDULE

Our half- and full-day enrichment programs let you choose a summer schedule that works for your family with classes that your child will enjoy!

SUMMER ENRICHMENT

Shrek Jr. *SkyRise Theater*

Beauty is in the eye of the ogre in *Shrek The Musical JR.*, based on the Oscar-winning *DreamWorks Animation* film and fantastic *Broadway* musical. It's a "big bright beautiful world" as everyone's favorite ogre, Shrek, leads a cast of fairytale misfits on an adventure to rescue a princess and find true acceptance. Part romance and part twisted fairytale, *Shrek JR.* is an irreverently fun show with a powerful message for the whole family. *Once upon a time, in a far away swamp, there lived an ogre named Shrek. One day, Shrek finds his swamp invaded by banished fairytale misfits who have been cast off by Lord Farquaad, a tiny terror with big ambitions. When Shrek sets off with a wisecracking donkey to confront Farquaad, he's handed a task — if he rescues feisty princess Fiona, his swamp will be righted. Shrek tries to win Fiona's love and vanquish Lord Farquaad, but a fairytale wouldn't be complete without a few twists and turns along the way.*

The Kids Newsroom *Right Brain Curriculum*

Extra! Extra! Read all about it! Our classroom will become a working newsroom as we write and publish a class newspaper. Don't like that new school lunch that they're serving? Express your feelings on the editorial page. Going to the school soccer game? Bring your camera and reporter's notebook and become a beat reporter for our sports section. Going to the new *Frozen* sequel? Write a glowing or scathing review. Our *Right Brain Curriculum* instructors will teach you the craft of journalism, including investigative writing, interviewing, researching, and editing. Finally, we'll show off our completed newspaper to our community of families. The Kids' Newsroom, it's hot off the press!

All About Gardens

Mrs. Ariel Villa & WeCEEP

If your child enjoys fresh fruit and vegetables and spending time learning and playing outdoors, they'll be among friends at All About Gardens! We'll spend the week working in the Fales "Grow for Good Garden"; learning about friends and foes of the garden world; discussing local and mainstream food systems and culture; how to work with and not against our local ecosystems; and how to cook and preserve our garden's bounties as we harvest and snack together. We'll end the week with a service-learning field trip to a local farm to see what food production looks like on a community-sized scale! All equipment is provided, and each camper will go home with a few ready-to-plant veggies suitable for any sized garden space.

Mrs. Ariel Villa & WeCEEP

Hiking, Fishing, Fungi, Sunshine and Rain - There's so much to explore in the local woods of Westborough! If your child loves to hike, explore, and catch all manner of tiny critters (kindly!), then they'll love our Back to Nature Camp. We'll have daily adventures in the Mill Pond woods and Reservoir, where we will learn to identify native and invasive plants and animals of New England; learn basic fishing and woodland survival skills; and create a deeper appreciation of our responsibility to the land around us through nature-inspired crafts and hands-on science activities. We'll end the week with a local field trip and picnic to the Lake Chauncy Trails to further our naturalist know-how. Come explore with us - Adventure awaits!

Eco-Scientists: Nature Meets STEM

Mrs. Ariel Villa & WeCEEP

For nature, science, and sustainability lovers! This camp will have us collecting samples in the local woods of Westborough, talking about watershed science, invasive species, and climate-positive solutions to local problems. We'll discuss growing our own food; how to reduce our own carbon footprint; host guest speakers on a variety of subjects; enjoy a nighttime observation evening together; and end the week with a field trip to a local conservation center or farm. Adventure awaits, eco-scientists!

Nature Sprouts

Mrs. Ariel Villa & WeCEEP

We are thrilled to introduce our first outdoor program for young learners, Nature Sprouts! We'll spend time taking short hikes in the conservation land directly across from Fales, catching critters kindly and learning how to be good stewards of the natural world around us. Our Fales Garden will also give us the chance to see how to grow food for a community and what animals we attract within our public outdoor spaces. We'll create eco-friendly crafts, be visited by guest speakers, spend lots of time playing together, and end the week with a short field trip to a local farm or conservation area. We can't wait to share nature-based fun with your nature sprout!

App Inventors

Circuit Lab

Want to know how the apps work on your phone or iPad? Or do you already have the next great app idea, and just need to know how to make it? In this no-experience-required course, we use MIT App Inventor software to make fun, creative apps for Android phones and tablets. We will also explore wireless communication by building custom Bluetooth hardware controllers and readouts for our apps. Participants will learn both the programming and design aspects of creating great apps, and have the opportunity to build apps of their own with the support of Circuit Lab instructors.

Circuit Makers 101

Circuit Lab

Let's get creative with electricity! In this junior hands-on electronics class, students will gain experience with creating their own electronics; designing custom light-up greeting cards, electric games, mazes, and even musical instruments. Each class day consists of a circuitry lesson and a hands-on electronics project, using components like lights, buzzers, switches, motors, and sensors. Circuit Lab staff will make sure participants create many projects that they can be proud of, and each class day includes a take-home project.

Dinos Vs. Robots

Wicked Cool for Kids

Dinosaurs or robots? Which is your favorite? Join us for this dinos and robots only battle to see which one wins out! Start with robots to communicate in code, learn about circuits and electricity, then design your own ultimate working robot to take home. Next, we'll look at the mighty Mesozoic era and the dinosaurs who ruled the Earth. Go back in time to inspect real fossils and find out how dinos got their name.

Expert Architects

Right Brain Curriculum

Calling all architects - the next skyscraper is waiting to be built! Form your architectural firm and start imagining the building of your dreams. Our *Right Brain Curriculum* instructors will guide you along the way - from mathematical calculations every good architect must make to the history of how the elevator revolutionized Manhattan. Then you'll be ready to build! You will consider the environment, transportation, parking, and green space as you create a working blueprint for your creation. Then you'll bring it to life as a LEGO® model! You will present your work to your peers and demonstrate how your tower will be the next great building of the 21st century. The sky's the limit!

Experiments with Food

Cailin O'Neil, WPS Para & EDP Group Lead

Playing with food is fully encouraged in this class! We'll watch things change before our eyes as we explore science through food. Using everyday household items and ingredients, we will conduct simple science experiments to introduce science to young learners. We'll turn lemons into batteries, milk into plastic, and more. Can potatoes make electricity? Join us as we explore science concepts and solve science mysteries with food.

Forces in Motion

Cailin O'Neil, WPS Para & EDP Group Lead

In this fun class, students will be introduced to the world of physics! Each class, we'll discuss how and why things move the way they do and introduce force and motion concepts. Through hands-on exploration, students will create their own cars, boats, water rockets, and more! We'll also practice and apply engineering principles in our activities. Students will have a blast applying what they've learned about forces and motion into their designs!

Hands-On Electronics

Circuit Lab

Tinker with electronics while learning the basics of computer programming. We begin by experimenting with the fundamentals of electronics and circuitry, and step up to projects where our class of young makers will design their own interactive and programmable devices. Participants use the latest tools including Arduino (for building interactive devices) and Raspberry Pi (for learning about computers and coding) to experiment with LEDs, resistors, motors, and programming. Each class day gives participants the chance to design a hands-on project with the guidance of skilled Circuit Lab instructors.

Circuit Lab

Understanding how software can interact with robots is a key skill for the STEM jobs of tomorrow. In this class we provide several active, playful activities, where students learn about what it means to write, debug, and execute computer programs that communicate with different robotic devices. Using the power of code, students will turn Sphero SPRK+ robots into Magic 8 Balls, automated Red Light / Green Light games, and the arcade classic Pong – and Unruly Splats will become our voting machines, relay races, guessing games, and more.

REGISTRATION INFORMATION

HOW TO REGISTER

Register online at: www.WestboroughCommunityEd.com

REGISTRATION INFORMATION

By registering for programs with Westborough Community Education, you agree to the policies and procedures detailed in the Community Education Family Handbook. When registering for a program, please provide an email address that you frequently check. Email addresses will be used to send program information and will be added to our marketing email list. *If you do not wish to receive our marketing emails, please send an email to WCE@westboroughk12.org*

GRADES

Grade ranges represent the grade that your child will be entering in Fall 2024. *Your child may be withdrawn from a program if they do not meet the grade requirements.* Non-residents of Westborough are welcome to attend.

REGISTRATION FEE

The annual registration fee is \$25.00 per family, per year. There is no registration fee for enrichment programs.

PROGRAM REGISTRATION

Registration for all programs is on a first-come, first served basis.

- **SUMMER DAY CAMP** - Online registration must be completed along with a \$275.00 non-refundable deposit, per family. The deposit is deductible from the camp tuition. Please complete one registration per child. **Full payment is due by May 31st, 2024.** Programs registered for after June 1st require full payment due at the time of registration. *No child will be permitted to attend camp unless tuition has been paid in full.*
- **SUMMER ENRICHMENT & TEEN LEADERSHIP** - Online registration and full payment due at time of registration.

PAYMENT POLICY

You become obligated to submit payment when you register for a program. Please submit payment through your SchoolCareWorks Family Portal (Tuition Express). *Fees applicable to Tuition Express.*

WAITLIST

Once a program has reached its maximum enrollment, we begin a waitlist for that specific program. If an opening becomes available, families will be contacted in the order in which they were added to the waitlist. Waitlists are monitored regularly.

OUTSTANDING ACCOUNT BALANCE

Any outstanding balance owed to Westborough Community Education must be paid in full before a participant can attend any program run through Community Education.

ENRICHMENT REGISTRATION DEADLINE

The registration deadline for any Community Education enrichment program is two-weeks before the start date of the program. Registrations will not be accepted after that date. Enrichment programs will only run if we have received the requisite number of minimum registrations.

PROGRAM CANCELLATIONS AND CHANGES

All programs are offered pending sufficient enrollment and are subject to cancellation at the discretion of Westborough Community Education. We reserve the right to cancel programs that are under enrolled, and to change the times, locations, and instructors when necessary.

PARTICIPANT WITHDRAWALS AND CREDITS / REFUNDS

Email withdrawal requests to WCE@westboroughk12.org during business hours (Monday – Friday, 9:00am – 4:00pm). Requests that come outside of those hours will be considered the following business day.

Westborough Community Education will issue a full refund or account credit when a program is canceled. Refund requests must be submitted in writing 14 days from the cancellation notification. Refund requests that are received after the 14 days will not be accepted, and an account credit will remain in place. If you had withdrawn from the program prior to the program cancellation, you are ineligible to receive a full refund.

Participants who arrive late, depart early, miss days, or are dismissed from the program due to behavior are not granted prorated tuition, refunds, or credits.

For the Summer Day Camp, if you withdraw from a program on or before May 31st, you will receive an account credit for the full amount, minus the \$275.00 non-refundable deposit. In lieu of a credit, you may request a check; however, you will only receive 75% of the total amount. If you withdraw on or after June 1st, neither an account credit nor a refund will be issued.

For Summer Enrichment Programs and Teen Leadership Programs, if you withdraw from a program on or before May 31st, you will receive an account credit for the full amount. In lieu of a credit, you may request a check; however, you will only receive 75% of the total amount. If you withdraw on or after June 1st, neither an account credit nor a refund will be issued.

If a participant is unable to participate in a program, due to a verifiable medical emergency (accompanied by a doctor's note), you will receive an account credit for the full amount. In lieu of a credit, you may request a check; however, you will only receive 75% of the total amount.

HEALTH RECORD

Each participant must have a health record, including immunizations, on file with the Westborough Community Education office. A copy of these records must be obtained from your child's physician and given to the Community Ed office two weeks prior to your child starting any summer program. The health record must be from within the past 18 months.

EMERGENCY MEDICATIONS

If your child requires any emergency medication (epi-pen, inhaler, etc.), it is the parent's responsibility to provide the medication and authorization form by the first day of the program. Please contact our offices about the appropriate authorization form.

LICENSING

Our summer programs are licensed by the Westborough Board of Health. All policies and procedures for the Summer Day Camp are on file with the Board of Health and are available upon request. Parents of campers have the right to review background check, health care, discipline policies and grievance procedures upon request of the Summer Day Camp. This camp must comply with the regulations of the Massachusetts Department of Public Health (140.190c) and be licensed by the local board of health. Additionally, we are recognized by the Commonwealth of Massachusetts Division of Unemployment Assistance as a Seasonal Employer for our summer programs.

A full listing of our program policies and procedures can be found in our online Westborough Community Education Family Handbook.
